

Homework expectations

Homework will be set weekly every Friday and is due in the following Wednesday. Typically, homework will include spellings, mathematics and a topic/maths/writing activity. Additional topic homework will be included depending on what is covered each week in class.

Every Friday morning, we will do a spelling quiz to practice the spellings that were set that week. The children will do this in the back of their homework books so that you can follow their progress each week. It is expected that all children do their homework and hand it in on time. It would be helpful if any homework sheets are stuck into homework books when they are handed in on Wednesdays.

Please hear your child read every day and sign their reading record once you have heard them read. All children must have a reading book in school.
