Baseline Assessments in September 2017

How are Baseline Judgements Made?

We have clear systems for assessing children's starting points.

We liaise closely with our feeder pre-schools and undergo moderation tasks to ensure judgements are secure on transfer.

Additional observations and assessments are carried out within the first 3 weeks of the children entering Reception.

The table below shows attainment on entry and predictions for July 2018, with projected gains in all the Prime and Specific Areas

This cohort's attainment on entry is broadly in line with the 2016-17 cohort (Slightly stronger in Maths); their attainment is broadly typical in all the prime areas , except for PD ; and attainment is slightly below in RD & WR
