

## Communication, Language and Literacy

- We will look at a range of sea themed stories such as *The Rainbow Fish* by Marcus Pfister.
- 4x weekly phonic sessions.
- Learning sea themed vocabulary, songs etc.
- Lots of speaking, listening and writing activities.

## Physical Development

- Manipulating materials to achieve a planned effect in our art work.
- Lots of fine motor tasks e.g. pencil control / handwriting.
- Targeting gross motor skills in PE lessons such as curling and stretching sequences in gymnastics.

## Understanding the World

- Our topic is divided into five units: rock pools, the beach, under the sea, sharks and pirates.
- Lots of opportunities for scientific exploration, e.g. floating and sinking.

# Under the sea

## Personal, Social & Emotional Development

- How we care for and are concerned for all living things in our environment.
- Lots of opportunities to share resources and play together.

## Mathematics

- Daily practise of counting, number recognition and formation.
- Estimating
- Finding the missing number on a number line.
- Finding one more and one less from a given number.
- Ordinal numbers & ordering numbers by size.

## Expressive Arts & Design

- Porthole sea pictures for new display.
- Mermaid art
- Creating our own pirate treasure boxes and pirate ships!
- Making shark masks.
